

Make America Great!

Make America great!
Was the fervent petition
After the Pilgrim's lengthy expedition.
The need for law was known;
The Mayflower Compact was then shown.

Make America great!
Was the fearless battle cry.
From guns and cannons, the soldiers did not shy.
At last, the day was done;
The battle—the war—it had been won.

Make America great!
Was the request that rang out
As our forefathers quickly struggled about.
“We need freedom.” They said;
A republic was penned and then read.

Make America great!
Again, that same call rang clear.
From a civil war, the soldiers did not fear.
At last, the fighting ceased;
Once united, our nation increased.

Make America great!
Now, is our supplication
As we observe the greatness of our nation
Take wings and swiftly fly.
To God we continually cry,
Make America great!
